24/7 professional monitoring for less than \$1/day

Convenient installation options

Complete control with the SimpliSafe App

60 day money-back guarantee

Find your perfect system.

Why choose SimpliSafe

Half the cost of traditional providers

Professional monitoring for less than \$1 a day with no long-term contracts or hidden fees.

Powered by Fast Protect™ Technology

Advanced technology helps our live, 24/7 monitoring agents quickly verify security threats for priority dispatch and faster police response.

*Requires Interactive monitoring plan with video verification

Protect against intruders and other home threats

More than just intruders—our agents monitor against leaks, floods, fires and more.

Smarter ways to detect motion

Detects people, ignores pets. Motion sensors use a precision human-form detection algorithm so you get better detection and faster response.

Complete control with the SimpliSafe App

Arm, disarm and protect anytime, anywhere.

Instant alarm response

With a professional monitoring plan, we'll send a text the moment your siren goes off to help you quickly confirm or cancel an alarm. If you don't respond, an agent will call to ensure you're okay.

Keep an eye inside and out - even when you're away

With HD security cameras for indoors and out, see what's happening all the time on our top-rated app.

Participating 911 centers get critical alarm data instantly, enabled by RapidSOS

Our integration with RapidSOS technology means our 24/7 monitoring agents can send critical household data instantaneously to participating 911 centers so responders can act more quickly and accurately.

Prepared for the unexpected

Lose power? Lose Wi-Fi? SimpliSafe is ready with battery back up and cellular connectivity.

Smart home compatible

Use your system with Alexa, Google Assistant, August Locks, and Apple Watch.
